## Education

---

- **DAV public school, Bolani**

Secondary School (10<sup>th</sup>)

88.4%

Higher Secondary School (12<sup>th</sup>)

71.6%

- **Centurion University of Technology and Management**

B.Tech in Computer Science and Engineering

Bhubaneswar, Odisha

2023 – 2027

CGPA: 9.21/ 10.0

## Technical Skills

---

- **Languages:** C (Intermediate), Java(Core) , Java Script (Intermediate)
- **Web Development:** HTML, CSS , Angular
- **SAP :** ABAP Cloud, RAP, CDS view , SAP S/4HANA , Business Process integration
- **Backend:** Node.js, Spring Boot
- **Databases:** MySQL, MongoDB
- **Tools:** Git, GitHub, VS Code, Postman

## Internship

---

TimesPro(Online)

(1 month)

- Building a Complete CI/CD Pipeline for a Simple Web Application(Flask Calculator)

## Projects

---

### Library Management System (Spring Boot, MySQL, Angular)

Developed a full-stack Library Management System using Spring Boot, Angular, and MySQL to manage books, users, and borrow/return operations. Integrated RESTful APIs, implemented CRUD functionality and user authentication, and designed a responsive interface for efficient library management.

### Hostel Management System (Advanced Java, JSP, MySQL)

Developed a web-based Hostel Management System using Advanced Java, JSP, and MySQL to manage student records, room allocation, and hostel information. Implemented CRUD operations with MySQL integration and designed a user-friendly interface to streamline hostel administration.

### News App (Kotlin, XML, News API)

Developed an Android News application using Kotlin, XML, and News API to fetch and display real-time news articles. Integrated REST APIs using Retrofit for seamless data retrieval and implemented a clean, responsive user interface with category-based news browsing to enhance the user experience.

## Achievement

---

- SAP Certified – Back-End Developer (ABAP Cloud)
- SAP Certified Associate – Business Process Integration with SAP S/4HANA
- Successfully completed GeeksforGeeks Java + DSA Program
